Brief Synopsis

Submitted on behalf of Dayshift Incident Commander Insp Marin:

SITUATION REPORT: current as of 930

There are less than 20 people on Parliament Hill and approximately 2-300 people in the area of Wellington. We currently hold a perimeter with the primary core including Wellington south to Albert, Elgin to the east and Bay to the West. There are extended traffic control points at Nicholas, SJAM and Sussex/Murray to limit traffic impacts to the established cordon.

Overnight, truckers took over the intersection of Kent/Queen and Kent/Albert.

The Portage Bridge is closed due to police traffic management. Members of Parliament are permitted across. The Alexandra Bridge is closed due to a Federal Public works decision. The government will trial a morning opening on Thurs and Friday morning commute from 0600-1000 hrs. It will remain closed outside of those hours.

Over 100 OPS and OPP members are deployed in static traffic positions and QRT's. Traffic officers have been engaged on the periphery conducting enforcement (numbers will be provided each morning). ESU has members deployed in shifts to commensurate to crowd sizes and dynamics.

PLT has been actively engaged with the primary event organizers. PLT have negotiated the emptying of a porta potties. There has been some truck movement but the organizers are facing difficulties with traffic congestion.

SCC continues to work with our internal resources to establish sufficient staffing for the next operational periods.

There are plans for several protests and counter protests at sites including but not limited to 474 Elgin, Wellington St and Confederation Park. Contingency plans have been developed with POU for response to 474 Elgin, which has been shared with the Duty S/Sgt and Comm Centre.
